Dear Ms. Madsen,

How are you? I hope I have reached you & everyone at KSL in good health & spirits!

Thank you so much for responding to my mouse story! Many pamphlets have been sent out to a variety of people, businesses, schools, organizations, etc. I am always so happy when I hear that my mouse story has had a positive, life-saving impact on someone who is struggling with depression & thoughts of suicide.

I recently received a very nice letter from a young lady, who is currently homeless, who wrote, in-part: "Hi Douglas, your little mouse story has made a huge impact on my life." I have no idea how she came across my mouse story, how she learned I was the author, or how she got my offender number.

I appreciate your offer to come to the prison to interview me, but I must decline. When ever I am in the news,

I know that it is very upsetting to the family & loved ones of Mrs. Yost. Each time I am in court, I believe it is very difficult for them.

I need to be mindful & sensitive to their feelings while at the same time doing what I can to give back to society. This is one reason I do not put my name on the pamphlets.

I believe an interview with you will most get back to Mrs. Yost's family. I hope you will understand & appreciate my decision.

Very sincerely,
Dany A. Loull

P.S. With the holidays coming up, if you find yourself looking for a great charity to donate to, PLEASE consider Rising Star Outreach. I have enclosed a pamphlet for you. Approximately 96% of all donations go to the cause! Also, the Founder & President is Becky Douglas, who is the most Christ-like person I have ever met.
