

April 3, 2019

Dear Ms. Candice Madsen,

I just got done listening to you talk about suicide on KSH radio. I thought your comments were spot-on!

Enclosed is a pamphlet which has a story about a little mouse I crossed paths with here at the prison many, many years ago.

I decided last year to write about my experience with the mouse in the hope that it could be used to help prevent suicides here in Utah & elsewhere.

If you feel the story could be of help to someone, please feel free to make a copy & give it to them.

I hope you have a great day!

Very sincerely,

Doug McQuill
